# Highly reliable A3 black & white multi function devices

Your organization is unique. Just like the way you conduct business. So why handle document management in the same way as everybody else does?

RICOH MP 4054/MP 5054/MP 6054 series A3 black & white multifunction devices (MFDs) are designed for busy mid- to large-sized offices. These MFDs help you print, copy and share a wide range of documents.

Use them as your information portal and connect to cloud services and applications directly from the operation panel. Monitor usage, energy consumption, operating costs and more with powerful administration tools. Add this compact device to your Ricoh Managed Document Service (MDS) programme to reduce costs across your company via advanced document handling. Available in a wide range of configurations, these models match your requirements and enhance your output from creation to finish.

- Time-saving: rapid recovery from sleep mode and a fast first print speed
- Highly productive: print at up to 40/50/60 pages per minute
- Ease of use: choice of two operating panels (9-inch/10.1-inch\*)
- Cost-saving: low energy consumption
- Flexible: wide range of models to meet all your needs

\*Optional RICOH Smart Operation Panel

## So smart. So intuitive. So productive

### Easy to use

The RICOH MP 4054/MP 5054/MP 6054 series is very simple to use. Select a conventional 9-inch display or try out the optional latest 10.1-inch RICOH Smart Operation Panel. Touch and swipe, like with any smart device, to perform complex operations rapidly and effortlessly. These models also feature external USB keyboard support, which further improves usability.

### Top-quality documents

A large variety of finishing options is available. Add one of the two booklet finishers to easily create flat fold booklets. This saves you time that would otherwise be spent on manually folding documents. You can also opt for the 1,000- or 3,000-sheet finisher for a professional touch.

### Instant action

RICOH MP 4054/MP 5054/MP 6054 series wakes up from Energy Saver mode virtually instantly. Turn away briefly and you'll miss the first print at a quick 2.9 seconds. Their high paper capacity of maximum 4,700 sheets and thick paper support of up to 300gm<sup>2</sup> are complemented by an Automatic Reversing Document Feeder (MP 4054/ MP 5054 series) or a Single Pass Duplex Feeder (MP 4054/ MP 5054/ MP 6054\* series) for fast double-sided printing.

\*SPDF is standard for MP 6054 series.

### Enhance your green credentials

Low Total Electricity Consumption (TEC) values, energy-saving sleep mode and new Energy Star v2.0 compliance reduce your environmental impact and your energy costs. Automatic and fast double-sided printing is standard to save time, paper and cost.
